

The Heritage Society

Honoring those who have committed to investing in a healthier community at Hospital for generations to come.

The Foundation of Champlain Valley Physicians Hospital relies on philanthropic support to achieve its community-driven mission. A legacy gift to the Foundation of CVPH can be made through your will or trust or with our charitable gift annuity and remainder trust programs. Your legacy gift will be a significant investment in strengthening our existing programs, supporting health care for providers, increasing access to health care and improving the lives of North Country communities for many years.

A HERITAGE OF CARE

Champlain Valley Physicians Hospital, traces its roots back to 1903 when the Grey Nuns of Ontario, Alice T. and William H. Miner, and other community leaders joined together to build a hospital in Plattsburgh, New York to serve the North Country communities. Champlain Valley Hospital opened in 1910. Still located in Plattsburgh and now incorporated into the University of Vermont Health Network, CVPH provides 300 inpatient beds, a 24-Hour Emergency Care Center, comprehensive cardiovascular services, the FitzPatrick Cancer Center, Joint Care Center, Progressive Women & Children's Center, two primary care clinics, more than 20 patient care sites, more than 10 outreach clinics, and more than 2,300 jobs in our community.

Because of a heritage of consistent philanthropic support from the beginning to today, we have become a premier medical center, and we honor the legacy of those who continue to make the commitment in their legacy to CVPH. Legacy gifts provide much needed support to all areas of CVPH and allow us to plan for the future with confidence and courage.

To discuss how your giving can make the biggest impact, please contact:

Kerry Haley, CFRE
